The New Mecca.

In this age of misrepresentation, when the irrepressible Quack walks abroad through the medium of the printing press, and with an entire disregard of the consequences to humanity, seeks to impose his unskillful services or worthless decoctions upon the public, we take especial pleasure in saying a word in commendation of a reliable end justly-famous Institution of Healing.

Healing.

We refer to Dr. R. V. Pierce's "World's Dispensary and Invalid's Hotel and Surgical Institute," the pride of the good city of Buffalo and the "Mecca" of a multitude of Buffalo and the "Mecca" of a multitude of invalids who owe recovery to the skillful treatment and attention there received. Dr. Pierce's establishment comprises two mammoth and artistic structures, connected by an open passage way: One an Invalid's Hotel and Surgical Institute, presided over by a corps of Eighteen Celebrated Physicians and Surgeons, and provided throughout with the most luxurious appointments and conveniences that taste can surgest and money can supply.

To go through a detailed account of the myriad mechanical and electrical appliances and contrivances here to be found in perfection of construction and application, or to lead your observation through suite upon suite of cheerful and elegant consulting and treatment-rooms, and to dwell upon the other thousand-and-one attractive and useful features of the establishment, would be a pleasing task, but, at the present moment, for us an impossible one. Enough for us to say that the people of the country should be proud of this great success, built up, solely, on the elements of true Americanism, viz.: Pluck, Integrity and Ability.

"IS MARRIAGE A FAILURE?"

A Clever Club of Clever People Dis-enss the Question. cuas the Question.

The much-talked of query "Is Marriage a Failure?" was the subject of an interesting discussion by the Six o'Clock Club at their regular meeting last night, General Van Vliet was the first speaker, and said that though he had been married forty years he was not yet prepared to answer the question. He talked in an interesting way of marriage among the Aborigines of the far West and his amusing experiences at Salt Lake City. Colonel R. J. Hinton, a prominent newspaper correspondent, said that civilization was based upon the idea of the family, and did not believe that the institution of marriage was in any the family, and did not believe that the institution of marriage was in any sence, in its personal, social or historical results, a failure. Commissioner Lyman said he could answer the question in the six words 'I have not found it so.' There were a number of other, speakers, and it was one of the most interesting meetings the club has thus for had.

This was the last of these pleasant occasions. Hereafter the club will give fortnightly river excursions.

Kansas City Man Contracts for Wife at Time, but She Didn't Satt. The details of a curious love story have just been obtained from Tiffin, O. A. L. Vaughan of Kansas City saw a notice in a matrimonial paper by a Tiffin girl. He commenced a correspond chee, photographs were exchanged, and last Sunday evening was set for the splicing of the ropes. Sunday he stepped from the train, well-dressed, neat and fine appearing, went to a prominent hotel and registered from Richmond Lad. mond, Ind. He hired as fine a livery rig as could be found, called upon his prespective mate and found she was red-headed. His crushed feelings were ex-pressed to the effect that most men pressed to the effect that most men would have committed suicide, but he was satisfied with a big drink, and in this he found refuge for several days, and after recklessly squandering several hundred dollars, he left for the West hugely disgusted with the town and everything else.
